

Find the difference

A subtraction game

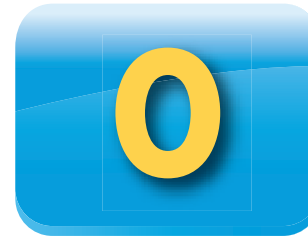

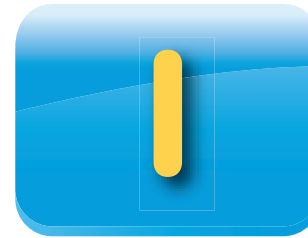

What you will need...

- Numicon Shapes (two of each Shape 1-10)
- Counters

What to do...

- Each player chooses a score card and takes 10 Counters.
- Players take turns to take two Shapes, compare them to find the difference and put a counter on the answer on their card.
- Players miss a turn if the answer is already covered.
- The winner is the first to fill their card.
